SUSTAINABLE CIRCULAR ECONOMY PROJECT

Sempre di più la società nella quale viviamo e lavoriamo ha necessità di un ambiente salubre e di **preservare l'ecosistema** del nostro Pianeta.

In quest'ottica di raggiungimento degli **obiettivi di sostenibilità** capace di coinvolgere l'intero ciclo produttivo dei materiali utilizzati nelle varie fasi produttive e con esso l'ambiente, i lavoratori e i c.d. stakeholders la Cornaglia S.p.A. e Plart Design, hanno messo a punto un progetto chiamato **"RicicliAMO"** che ha l'obiettivo di riciclare materiale plastico a fine vita per la produzione di oggetti e complementi di design.

Nel 2019 è stato siglato un importante accordo di partnership con la L'Oréal Saipo Industrial, stabilimento italiano della L'Oréal che ha l'obiettivo di sensibilizzare la cultura del riciclo sui dipendenti.

More and more, the society in which we live and work needs a healthy environment and to **preserve the ecosystem** of our planet.

In this perspective of achieving the **sustainability objectives** capable of involving the entire production cycle of the materials used in the various production phases and with it the environment, the workers and the stakeholders, Cornaglia Ltd. and Plart Design have developed a project called: **"RicicliAMO"**, which aims to recycle plastic material at the end-life to create design complements and objects.
